Subject: FW: Whelan, Ann has shared '20130423_Encrypt_Enbridge_Chicago_Region_ICP_-_Copy[1]'

You should have received a message from me indicating that I had shared the Enbridge Chicago zone plan, with my comments embedded. They start on page 12. Please also note that the email that I sent to Eddy Murphy at PHMSA contains important items that were not included in the plan so I could not comment on them. The file is encrypted so you will need the following password to open it.

Ex. 5; Ex. 6

See below for PHMSA's requirements on FOIA.

PHMSA is providing U.S. EPA's Region V with an encrypted copy of the Enbridge Chicago Area Facility Response Plan that includes the operator's response procedures for spills in the Illinois, Indiana, and Michigan areas. U.S. EPA acts as the Federal On Scene Coordinator and leads the response and removal actions for spills in this area.

Please note that this Facility Response Plan contains **Personally Identifiable Information (PII)**, specifically names and home telephone numbers that may be protected under the Privacy Act, 5 U.S.C. § 552a, and Exemption 6 of the Freedom of Information Act (personal privacy), 5 U.S.C. § 552(b)(6), and may contain other sensitive information.

Please safeguard any decrypted copy of this document as noted above, and refer any FOIA requests from the public for copies to PHMSA's attention and handling.
